Accommodation options.

At first it is worth mentioning that one of the tunnels is in the city, the other one is a 1h 20 min drive from the city and the airport.

Which means that a car might be needed for the Aeronautica Arena tunnel, and for Fööni the easiest way is public transport (Fööni is located at on of the Metro stops).

Fööni - Helsinki.

There are many many hotel and hostel options in Helsinki. The prices vary greatly depending on what you are looking for. Anything from 20€ a night per person in a hostel, like [CheapSleep Hostel Helsinki](#), or medium priced hotels, usually around 80€ a night for a double room, like [Omena Hotel Helsinki Lönnrotinkatu](#), and more expensive hotels, usually around 150€ a night for a double room like [Hilton Helsinki Strand](#).

In addition there are many different renting options for apartments, like [HiisiHomes](#), they have a good 4 person apartment that is very close to the tunnel. There are also many others, these can easily be found on booking.com.

And finally there is also the option of AirBnB.

Aeronautica Arena - Pyhtää.

In Pyhtää there are less options.

Next to the tunnel there are no hotels. The closest one is in [Hotel Villa Vanessa](#), 10 km from the tunnel, around 40€ a night for a double room.

There are several cabin and house option on AirBnB in this area tho. From cheaper options like [this one](#), to more luxurious options like [this](#).

There are also a couple of rooms at the tunnel with beds. Here is their info:

3 rooms, 12 beds

6-, 4- and 2 person Rooms.

Prices and general info;

We currently offer 3 types of sets;

Basic 19€/ night / person - Only the bed

Plus 25€/ night / person - Bed, Bedlinen and usage of sauna

Activities.

Fööni - Helsinki.

For activities in the city there are many, I am not going to list up all the options in the city here ☺

Lots of good restaurants, museums, shopping and so on, all the things big city's consist of...

[Tripadvisor - Helsinki.](#)

Aeronautica Arena - Pyhtää.

Pyhtää, does not have as many restaurants and museums as Helsinki does of course. But Aeronautica Arena does have very good facilities. The tunnel is located in a very large building. They have 2 surf waves, several saunas, a big restaurant, and a bar.
